

# Push Notifications

**CATHOLIC PARISH APPS FROM OUR SUNDAY VISITOR APPS, LLC**

Direct communications to where people are living – on their mobile devices. Instead of relying on the Sunday bulletin as the primary source of communication, send instant notifications to the entire parish or to specific groups. The push notification function built into **Catholic Parish Apps**, from **Our Sunday Visitor Apps, LLC** can keep even the busiest families connected to parish or school activities.

## Connecting with parishioners has never been easier

### Functions

- Make your app control panel the center of instant communications
- Send reminders of events to specific group or to your entire parishioner base
- Key in any message in any language to communicate with your parishioners
- Allow parishioners choose the groups they are interested in receiving notifications from

### Use Push Notifications for

- Weekly message from your Pastor
- Cancellations for weather or other emergencies
- Group meeting room times and locations
- Updates or information for faith formation families
- Sacrament preparation candidates
- Homework assignments
- Ministry updates or meeting reminders
